Education

Winneba Secondary School, Winneba

General Science, WASSCE

(2020 - 2023)

Central University College, Tema

BSc. Computer Science

(2024 - Present)

Objective

I am highly motivated, enthusiast and results-oriented Graphic designer with passion for innovations and a drive for excellence. I have a proven ability to excel in a fast-paced environment, taking initiatives and delivering high-impact results. I am seeking opportunities to contribute to cutting-edge projects a junior Front-end Programmer.

Experience

IT Assistant (Nexus BI, Achimota),
(2025)

- Provided basic technical support by diagnosing and resolving common hardware and software issues.
- Assisted users with software installation, system configuration, and device setup.
- Performed routine computer maintenance, updates, and troubleshooting to ensure smooth operation.
- Supported file management, data backup, and organization of digital resources.

Graphic Designer (Freelance),
(2022 - Present)

- Designed flyers for church events and social media graphics for small businesses.
- Created simple logos and branding materials based on client ideas.
- Used Canva and Adobe tools to bring creative ideas to life.
- Learned how to take feedback and make revisions to improve designs.

Data Analyst (Freelance),
(2023 - Present)

- Gained experience cleaning and organizing datasets using Excel and basic Python (Pandas).
- Worked on small analysis projects to help clients make sense of their data.
- Created simple charts and reports to show findings and support decision-making.
- Practiced using tools like Power BI and Google Sheets to present insights clearly.

Aspiring Flutter Dev (Freelance),
(2026)

- Designed and developed basic cross-platform mobile application interfaces using Flutter and Dart.
- Implemented UI components including forms, buttons, navigation bars, images, and custom widgets.
- Practiced state management fundamentals and application structure through personal projects.
- Continuously improving skills in mobile app development by building projects and exploring Flutter best practices.

UI Designer (Freelance),
(2023 - Present)

- Designed basic website layouts and user interfaces using tools like Figma and Adobe XD.
- Practiced creating wireframes and clickable prototypes to show how websites and apps might work.
- Learned about user experience principles and applied them to small projects and personal practice work.
- Worked with a few clients and developers to understand real-world design needs.

Skills and Abilities
